

But few farmers were in the city yesterday.

Water service is being put into Smyth's implement house.

Yesterday was not a very pleasant time for the school excursion to El Dorado.

A handsome new sign now adorns the front windows of the Wholesale Grocer House.

Unless there is another Democratic ratification meeting, the city council will meet next Monday evening.

Solomon Corn and Miss Mary E. Snively, both of this county, were granted a marriage license yesterday.

The Wichita delegation that went to Topeka to attend the state convention are expected back this evening or to-morrow.

The street cars received a very liberal patronage yesterday, which was principally owing to the muddy roads and sidewalks.

The heavy rain of Tuesday night and yesterday morning, did thousands of dollars' worth of good to the corn crop of this county.

A farmer living near Derby brought to this city yesterday a wagon load of very fine peaches which he sold for \$2.50 per bushel.

W. A. Ritchie is wealthy. Some persons or persons visited that gentleman's place east of the city and stripped the bearing apple trees of their fruit.

Cyclone was taken to jail last evening on a charge of keeping a house of prostitution, or in other words, he refused to pay his fine, preferring to go to jail.

Root Bros. have disposed of their transfer business to C. E. Rodgers, who will henceforth handle freight, etc. Root Bros. will continue to operate their bus and carriage business.

Surveyor Bayley yesterday set the grade stakes for a new bridge across the slough on South English avenue. This bridge will be very convenient to the people residing in that part of the city.

The following figures will show the receipts and disbursements at the county treasurer's office up to the hour of closing business yesterday. Receipts, \$85.22. Disbursements, \$1,863.15.

Stella, the youngest child and daughter of Mr. W. G. Ray, died Tuesday night at the age of two years two months and twenty-one days, at her home in the east part of the city. The funeral took place yesterday afternoon.

During the rain storm Tuesday evening the lightning struck and killed four head of stock belonging to Jacob Hayes, living about eight miles northeast of this city, near Andover. They were out in the pasture when killed.

N. A. English says that he never knew a reporter of a Republican paper to give as good and fair a report of a Democratic ratification meeting as the Eagle published Tuesday morning of the Democratic blow-out the evening before.

A new counterfeit \$10 silver certificate has made its appearance in the city. It is of the series of 1890, and is a quarter of an inch shorter than the genuine note. Keep your eye skinned for such money. Scrutinize it carefully before you take it.

The right of way agent of the Wichita and Western railroad is in the city for the purpose, we learn, of purchasing ground upon which to build a new depot and for other purposes. It is quite probable the depot will be located south of Douglas avenue.

A rumor was circulated on the street that Richard E. Bradley had confessed to the murder of Burris. There was no foundation for the report. A reporter of the Eagle had a talk with Bradley yesterday. He protests his entire innocence and says that he doesn't think he will ever be tried.

But little new wheat is coming to market. Farmers say that they will not sell at the present prices—30 and 30 cents—but will hold their crop over if necessary to get a good figure. We are glad to see that our farmers are becoming forehanded enough to hold their crops until they feel like selling.

The gentleman from Salina, who wishes to establish a mattress factory here, asks a donation of \$2,000 from our citizens as an inducement for him to move his factory. He claims that he now has a trade in this city amounting to about \$75,000 per year, and that if he moves his factory here he will bring with him about thirty families—those of the men in his employ.

There will be quarterly meeting in the German M. E. church next Sunday, at which time Rev. J. A. Reitz, presiding elder, of Junction City, an able and learned minister, will preach. There will also be preaching at the church on Saturday evening at 7 o'clock by the pastor, Rev. John Kaller. The public are invited to attend.

E. A. Drake, of Wichita township, who has been in the city yesterday, says that he will have fully 4,000 bushels of peaches to sell this fall, and he very pertinently asks why some one doesn't start a cannery factory in this city. We give it up. There certainly never was a better time to start a cannery of this kind and we do not believe it will be long before the field is occupied.

Three of the prisoners in the county jail, R. Austin, G. W. Garden and Chas. Fisher, yesterday made an attempt to break out, but fortunately were discovered in time to prevent their escape. They had worked a door loose from one of the cells and were trying to pry the outside bars off and apart so as to give room for them to crawl through. R. E. Bradley, who is confined with them, took no hand in the matter.

The city council are talking of renting rooms in Fritz Sutzler's new block, north of Bittling Bros. for city purposes. Their lease of the rooms now occupied by the city clerk and police judge has expired and the owners, Messrs. Bittling & Little, want to raise the rent, hence the council will most likely secure other quarters. Sutzler, we understand, promises to arrange rooms to suit the council, and will rent at a liberal figure.

An interesting foot race occurred in the west part of the city yesterday near the Ft. Scott depot, between Frank C. Brickman of this city, and Ed. Sawyer, of El Dorado. The race was for a purse of \$500, and was won by Brickman, who made the distance in ten and one-fifth seconds. Quite a large crowd were present and outside betting was lively. Sawyer is a fleet stepper, but Brickman proved to be a runner from Hunserville.

People who happened to be in the vicinity of the City Roller mill yesterday morning were considerably startled by seeing a strange man, who was crossing the street, suddenly drop over as if he had been shot. A number of persons immediately hurried to his assistance, and aided him to regain his feet, after which he stood for some moments vacantly staring about himself, as one bereft of his senses. A doctor was called, who pronounced it a case of sudden and violent shock of the head, and administered the proper restoratives. In a few minutes the stranger was all O. K. again.

The case of the State of Kansas vs. Greasley Crawford, wherein the defendant was charged with stealing nineteen head of cattle, came up for examination before W. G. Hobbs yesterday. Null, the owner of the cattle, subject to a chattel mortgage, was called by the state, but refused to testify his evidence might incriminate him. By this the state was unable to prove a felonious taking, and after a legal discussion by the attorneys as to the rights of the

witness to refuse to testify, the court sustained the objection of the defense, whereupon the case was dismissed. Frank Dain and J. R. Parsons represented the state and T. B. Wall the defendant.

The members of the Baptist Sunday school are making extensive preparations for their picnic, which is to take place at Riverside Park, Friday. All those who desire conveyance to the park will please meet at the church between 9 and 10 o'clock when they will be taken to the grounds, and late in the afternoon will be returned to the place of starting. Committees and teachers will be present, and aid all in having a good time. There will be boat riding, fishing, swimming, croquet and other amusements. An enjoyable time is assured all who attend.

The trial of the colored gentlemen who were arrested last Monday by the pastor of the Second Baptist church, charged with disturbing religious worship, will be held in Justice Hobbs' court this morning, and promises to be very interesting, especially to our colored friends. The case will be tried by a jury and the panel will be colored men only. This we believe will be the first exclusive colored jury ever had in this city, and probably in the state. Judge Hobbs says that the trouble is alone confined to the colored people and he doesn't propose that any white trash shall take part in the matter.

Another boom. A word to our business men and merchants who desire to advertise their business where it will be of material benefit to them, and also a benefit to others. The premium list of our county fair is in the hands of the printer, and will be completed in a few days. A large number of individuals and firms have availed themselves of the method adopted this year for advertising, but there are many whose names do not appear. Any one desiring to put in an ad., and offer special premium for something that will be exhibited at the fair, will have an opportunity to do so if they apply to the secretary any time this week. Your card costs nothing for inserting it in the book. All the society asks is that you offer something either in money or goods, wares and merchandise as your special premium. If there is any department in the exhibition which you prefer above others, you can increase the interest by offering a special premium. In this way you not only benefit your business by a judicious manner of advertising, but you encourage the agricultural interests of our county.

A glance over the statistical tables of assessors returns as published a few days ago, shows that we have a county that stands second to none in the state, as a whole, and the prospect for a bountiful harvest of wheat and an immense crop of corn and other products surpasses the most sanguine predictions of Marsh Murdoch—the "back block" of the Eagle did not make the prospect and yield large enough, wherefore the Arkansas Valley Agricultural society urges upon every person interested in the welfare of Wichita and Sedgewick county with its thirty towns, to come up to the aid of the fair, and we can demonstrate to all who favor us with their presence that we can tell a larger story and prove it, than our county papers have been charged with telling.

We have inquiries from several eastern states as to the time of our holding, and also the promise from adjoining counties from prominent stock men to be with us with their herds. The prospect for a large and successful fair was never so hopeful as at present. Give us your advertisements, if you have not already done so, and any other aid at your command, and any suggestions, so that we may be able to make this year's exhibit a grand success financially and otherwise.

THE EL DORADO EXCURSION.

The excursion train for El Dorado left the Ft. Scott depot yesterday morning at 8 o'clock, having nearly 500 passengers on board. The trip was made without any particular incident of interest happening. On arriving at El Dorado drays and hacks were in attendance to convey the excursionists and their baggage to the park where ample arrangements had been made for their entertainment. Fortunately it rained but little in that city, and everybody had a huge time. Quite a number of people of El Dorado joined the excursionists, and added to the enjoyment of the day. The train arrived home at about 7 o'clock, and every one looking and feeling happy. Those who attended the picnic speak in the kindest terms of their treatment at the hands of the people of El Dorado, and the whole excursion was a huge success in every respect.

A COLT SHOW.

The editor of the Mulvane Record makes the following sensible suggestion to the farmers in that vicinity, which might be adopted with profit by the agriculturists of Sedgewick, as there is no county in the state which has finer equines than this. He says: "We suggest that we have a colt show in Mulvane soon after harvest. We have had considerable experience in such shows in Iowa, and found them profitable to the farmers and the people in town as well. Raising good horses is one of the most profitable parts of farming. A day spent in comparing your stock with your neighbors, will prove a good thing, and will give you a good opportunity to sell, buy or trade."

—Dr. E. A. Whitlock was called to Kingman last evening by a telegram received from S. B. Smith, who wished him to come to Kingman immediately to attend his child which is very sick.

—Col. Innes returned Wednesday evening. His stay was more extended than he anticipated. When he left home one week ago he accompanied Mrs. Ross as far east as Iowa City. In no place on the trip did he see as good crops as to be seen in the happy valley.

—Mrs. Judge Bayne, of Anthony, is at the Tremont. On her arrival at the hotel where her husband so suddenly died of heart disease a few weeks ago, she was completely overcome and unable to check the tears that came on remembrance of the sad circumstances connected with his death.

—Mrs. M. L. Garver and children leave this morning via Kansas City and Chicago for her old home at Mansfield, Ohio, to spend the summer with her aged parents. She will remain until fall, when her husband will join her and all together will visit Mr. G's mother at the old homestead near Chambersburg, Pa.

—The Eagle had the pleasure of a call Wednesday from Lee Taylor and wife, who had in company with them Chas. Halatin and wife, of Wemina, Ill., a gentleman possessing a large share of this world's goods; also Theo. Lord and daughter, of Grant, after taking a look through the Eagle establishment they pronounced it good.

—Mr. John G. Hamilton and wife from Butler, Ind., are guests of Mr. and Mrs. J. R. Smiley. They have come west with a view of locating here in the future. Mr. Hamilton is a man of means, we understand, and if he locates here will engage in the stock business, and in all probability become a citizen of our town. They are well pleased with the city and country.

—Edward G. Robertson, of Hartford, Conn., called last evening in company with G. C. Strong. Mr. Robertson is in this valley about three years ago and says he thought at that time there was a great deal of waste pasturage. It now seems to him, after taking a trip through the valley, that there will be a greater waste of crops. He does not think such a vast amount of grain as is growing can be taken care of.

—Rev. W. F. Harper departed on the Ft. Scott train yesterday morning for Chautauque, N. Y., where he will spend his annual vacation, expecting to be absent about six weeks. We hope that the health of Mr. Harper, which is somewhat impaired, will be greatly improved, and that he will return recuperated in strength. His place will be supplied part of the time by Rev. J. C. Post, Rev. Mr. Barker, of Wellington, and Rev. Cairns of Winfield, who possibly fill his pulpit one Sunday each.

—Elder M. T. Hough, of Flora, Illinois, an old friend of Rev. Tandy of the Christian church, and who has been visiting various points in Kansas, arrived in this city yesterday. He is perfectly delighted with Kansas, and says this is the finest valley he ever saw. He further said that in writing home to his friends he put everything very mild, for, said Mr. Hough, "if you told the people in the east what immense crops you have here, they would either think you were crazy, or else very economical or the truth."

FOR BLAINE AS AGAINST CLEVELAND.

There are a large number of Irish-Americans in Trenton who have hitherto supported the Democratic party. Representatives of this class were interviewed to-night concerning Cleveland. They declared that Cleveland could hope for nothing from Irish-Americans in this city or state. As between Blaine and Cleveland, their votes will go for Blaine.

"Of course," said one gentleman, "I can't say how every Irishman is going to vote, but I tell you the general sentiment, as I have learned it from actual intercourse with the people, and in every case it is hostile to Cleveland, and in favor of Blaine. The Irish National association, without coming out openly, will work for Blaine, in event of Cleveland's nomination."

Andrew McLarkie, editor of the Sunday Advertiser, which speaks for the Irish interests of the city, had no hesitation in saying:

"Labor is decidedly in favor of Butler as its best friend. If Butler nominated he will receive the vote of every Democratic workman in Trenton, and I firmly believe the vote of two-thirds of the Republican workmen. On the contrary if Cleveland is the choice, he will not capture a single Republican vote in the labor ranks, and he will lose fully two-thirds of the Democratic labor vote. He is known to dicker with monopolists and that will condemn him.—New York Sun.

KNIGHTS OF LABOR ON CLEVELAND.

Mr. H. A. Coffeen, of Danville, Ill., General Worthy Foreman of the Knights of Labor in America, said last night:

"I desire to state that the parties calling themselves officers in prominent labor organizations who have rushed into print with the information that Cleveland would get the support of the labor association of the country were not what they represented themselves to be; that they had not the interests of the laboring classes at heart, but were the hirelings of Cleveland. The workmen want Gen. Butler. If the convention nominates Cleveland it will sound the death-knell of the Democratic party, and the solid vote of the workingmen of the country will be cast for James G. Blaine."

To Those Going to Kansas City and Beyond.

By taking the Atchison, Topeka & Santa Fe railroad, you will have plenty of time to get your breakfast at home, and get an elegant chair car through to Kansas City without change, instead of being obliged to get up and take a train at an unreasonable hour, and be much longer on the road by what is advertised as the "shortest" line. The traveling public can judge for themselves as to which is the "shortest" and "quickest" route. H. H. KRELER, Agent Union Depot. 48-

I leave it for the public to judge as to which is the more desirable route. H. H. KRELER, Agent Union Depot. 48-
